Re: Basketball End of Season Evaluations & Survey

Please complete the player evaluation form below. The first four evaluation categories are those used in the tryout process. The next three evaluation categories are to help us properly slot players in the future.

On the reverse side, please complete the survey. This will help us to identify things that we are doing well or need improvement on. If you do not wish to complete the survey that is OK, but we do need your end of season evaluations. Give these evaluations to your commissioner, the FVAA Office or me.

Thanks.

Team Name _____ League_____ Coach_____

*Please grade each player on a 5-point system. 1 being low – 5 being the highest.
